Maggie,

When we submitted our initial response to section (2)(a) of EO 13990 on February 20, we did not respond to the part of the EO stating: "In addition, and at the same time, heads of agencies shall send to the National Climate Advisor a list of additional actions being considered pursuant to section (2)(a) of this order that would not be subject to OMB review."

That very short list is attached.

Thanks,

Alison

Maggie,

Attached is "a preliminary list of any actions being considered pursuant to section (2)(a) of [EO 13990] that would be completed by December 31, 2021, and that would be subject to OMB review." EO 13990 specified that we should send this list to the National Climate Advisor after submitting it to OMB.

Please let us know if you have any questions.

Thank you!

Alison

Subject: EPA's response to data call in EO 13990

Dear Alex,

Please find attached EPA's response to the data call in EO 13990 to identify "a preliminary list of any actions being considered pursuant to section (2)(a) of [EO 13990] that would be completed by December 31, 2021, and that would be subject to OMB review." Our list of 29 such actions is attached.

Please consider this list to be preliminary. Some of the actions included are pending further policy discussion and deliberation and as a result may not be signed in 2021. For your convenience, we have included RINs to help identify the actions. RINs with a * are old, and relate to the prior final action that is currently being reviewed.

Please let me know if you have any questions or would like to discuss further. Thank you. Have a good weekend!

Best,
Vicki Arroyo
